

Welcome to the 2017 Cincy Fringe See-it-All Schedules!

As always, you can't truly see EVERYTHING at Fringe (unless you've mastered the art of time travel), but we always try our hardest to find you the paths that nab as many Primary Lineup shows as possible. This year, **we have 4 separate paths available that capture all 38 of our non-FringeNext productions.** While we're bummed we can't include the three productions helmed by high school-aged artists we're featuring this year, it's still a monumental task to try and squeeze in these 38 shows alone, so good luck!

If you have any questions, see an error, or have fully realized paths of your own that you'd like to share (especially if you think they offer possibilities we didn't realize to include more shows), you can **drop Chris a line at CincyFringe@knowtheatre.com**.
